

Blocks will sell quickly

GOOLWA - The first blocks of the River Breeze development at Goolwa North will go on sale on Sunday.

About 150 buyers have already expressed interest in the land.

The 'Currency Creek Release' includes 17 lots ranging in size from 390 metres square to 690 metres square, priced from \$89,800.

River Breeze's first stage will eventually include 126 allotments ranging in size from 320 metres square to 1000 metres square.

Included within this 15 hectare first stage will be a range of AVJennings pre-built homes.

AVJennings Executive General Manager Peter Jackson said there had been strong interest in the development, due to the relative rarity of develop-

ments of this kind in the region.

"This is an unusual development for the area because of its fantastic riverside location, the quality of landscaping and parks that we have planned, and the fact that it's very affordable," Mr Jackson said.

"There's been such strong interest that this first land release will sell quickly - possibly within a week."

The area for development is bound by Currency Creek Road, Fenchurch Street and New Orleans Street.

The Currency Creek Release will go on sale at River Breeze from 2pm on Sunday, 7 October.

Interested buyers should call Geoff Greenow from AVJennings on 0411 616016 or Lucas Bradley of Elders Real Estate on 0438 404492 or visit www.riverbreezegoolwanorth.com.au for more information.
